## Profile

---

I'm a software development student graduating in October, actively seeking an internship. Proficient in React.js, Java, C#, Flutter, and front-end tech like JavaScript, HTML, CSS, Bootstrap, and React. I also have basic knowledge in Database Management, Cybersecurity, and Data Structures. With 20 years of architectural experience, I bring creativity, problem-solving, and project management skills. My aim is to combine my architectural background with software development to create innovative, user-centric digital solutions.

- Deep knowledge in JavaScript, React.js, CSS, and its relevant UI kits and frameworks, and Java.
- Good knowledge of C#, Flutter, Database Management, Cybersecurity, and Data Structures.
- Mastery of AutoCAD and Revit, with good knowledge of MS Office.
- Fluent in English and French (written and spoken).

## Professional Experience

---

- |  |                                 |
|--|---------------------------------|
